

Active Phonics at Home

Outdoor Letter Formation with Chalks.

1. Use large chalks to copy the sounds you have been learning.
2. Write the letter sounds on paper or ask children to design as art and craft activity. Any excuse to get the felt-tips out!
2. What other letter sounds can we write on the wall?

Challenge: Can we write some words using the sound?

Tip: Encourage children to say the sound out loud as they write, rrrrrrrr....

Reminders: Where do we start? Do we need to flick? Emphasize language, up, down, over, etc to help form the letters (graphemes).
