

## Active Phonics at Home

### Outdoor Letter Formation with Water Squirters.

1. Use **water squirters** (old washing up liquid bottles, etc) to wash out/ go over the sounds you have been writing with chalk.
2. Use large paint brushes if you prefer or to make a change from squirters.
2. What other letter sounds can we make on the wall?

**Tip:** Encourage children to say the sound out loud as they squirt, rrrrrrrr....  
**Reminders:** Where do we start? Do we need to flick? Emphasise language, up, down, over, etc to help form the letters (graphemes).
